Document no. 27/IV
of the Conference of Rectors of Academic Schools in Poland

**Resolution of the Plenary Assembly of CRASP
of 12 May 2006
on *The European Charter for Researchers*
and on *The Code of Conduct for the Recruitment of Researchers***

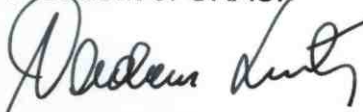

The Plenary Assembly of the Conference of Rectors of Academic Schools in Poland (CRASP) welcomes an increasing interest the European Commission is showing towards research, and – in particular – towards university-based research.

The Assembly supports the guidelines contained in *The European Charter for Researchers* and in *The Code of Conduct for the Recruitment of Researchers*, and the arguments listed in the Commission Recommendation of 11 March 2005 on the Charter and the Code.

A majority of guidelines contained in the Charter and in the Code have for a long time been a basis for the development and organisation of research system at the Polish universities. The Plenary Assembly of CRASP recommends its member institutions and their organisational units to make even stronger commitment to implementation of these guidelines.

The Assembly authorises the President of CRASP to take an appropriate action to include CRASP in the list of the Charter and Code undersigning organisations.

President of CRASP

Professor Tadeusz Luty
